

Mandatory Disclosures of Costs		Capability		Additional Types of Costs or Fees	
Capability	Description of capability	Types of Costs or Fees to be paid by a provider for the capability	Additional Types of Costs or Fees	Additional Types of Costs or Fees that a user may be required to pay to purchase, license, implement, maintain, upgrade, use, or otherwise enable and support the use of:	any data generated in the course of using the capability
130.310.1.1	Completed Provider Order Entry (CPOE) Medication	The functionality enables users of CPOE to place medication orders electronically. Medication Subscriptions Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	None
130.310.1.2	Completed Provider Order Entry (CPOE) Lab Order	The functionality enables users of CPOE to place Lab Order electronically. Medication Subscriptions Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	None
130.310.1.3	Completed provider order entry (CPOE) - Diagnostic Order	The functionality enables users of CPOE to place imaging orders electronically. Medication Subscriptions Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	None
130.310.1.4	Drug to Drug, Drug to Allergy Interaction Checks	The functionality enables CPOE users to be alerted of potential drug interaction alerts before they commit the orders to patient chart. The functionality also provides access to Multiple Drug database consultation review alerts during the point of order creation. Medication Subscriptions Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	None
130.310.1.5	Demographics	The functionality enables CPOE users to capture demographic information of the patient. Medication Subscriptions Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	None
130.310.1.6	Clinical Decision Support	The functionality enables CPOE users to leverage real-time patient specific, personalized alerts and notifications, instant access to critical data and prospective notifications based on real-time documentation location-patient behavior changes at the point of care, improving patient outcomes. Medication Subscriptions Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	None
130.310.1.7	Family Health History	The functionality enables the user to electronically record, manage and access a patient's family health history. Medication Subscriptions Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	None
130.310.1.8	Interchangeable Open-Set	The functionality enables capture of patient representative data as history in the chart. The certified EHR receives the CDH Medication (CDH) to incorporate the source ID and other source identification for the interchangeable. Medication Subscriptions Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	None
130.310.1.9	Social, Psychiatric, and Behavioral Data	The functionality enables capture of social, psychological and behavioral data in a question and answer format data structure. Medication Subscriptions Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	None
130.310.1.10	Create and Transmit Summary of Care Record	The functionality enables a user to electronically create and transmit a Summary of Care summary to a CDH format. Medication Subscriptions Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	None
130.310(2)	Clinical Information Functionality and Incorporation	The functionality enables a user to electronically receive problem, medication allergy, medication, and immunization based on a receiving provider's summary of care (SOC) format to aggregate the patient's medication, problem list, medication allergy list, and immunization to the CDH. Medication Subscriptions Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	None
130.310.4.1	Alerting	Complete drug-drug interaction checks, allergy checking and other specific functionality, the functionality enables a user to electronically receive alerts and notifications. Medication Subscriptions Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	None
130.310.4.2	Data Export	The functionality enables a user to electronically create a set of report summaries for a patient's CDH. CDH format that represents the most current clinical information about each patient. It includes clinical data defined in the Common Clinical Data Set, the reason for referral, and the referring/transferring provider's name and address information. Medication Subscriptions Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	None
130.310(3)(E)	Care Plan	The functionality enables user to create care plan electronically and report it in CDH format. Medication Subscriptions Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	None
130.310.3.1	Clinical quality measure (CQM) - record and report	The functionality enables a user to electronically capture and report all data necessary to calculate each of the AHA/ACC National Clinical Quality Measure (CQM) and submit the data to the Quality Reporting System (QRS). Medication Subscriptions Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	None
130.310.3.2	Clinical quality measure (CQM) - import and calculate	The functionality enables a user to electronically import all the required data needed to calculate each of the AHA/ACC National Clinical Quality Measure (CQM) and submit the data to the Quality Reporting System (QRS). Medication Subscriptions Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	None
130.310.3.3	Clinical quality measure (CQM) - report	The functionality enables a user to electronically receive a data file for transmission of Clinical Quality Measure (CQM) data according to the Quality Reporting System (QRS) standard. Medication Subscriptions Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	None
130.310.1(1)	Authorization, Access Control, Authentication	The functionality enables enabling EHR to provide access to the electronic health information to a permitted user. Medication Subscriptions Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	None
130.310.1(2)	Audit Events and Trace Reporting	The functionality enables enabling EHR to record actions related to electronic health information, record auditing events, record recognition events in accordance with standards specified respectively. Medication Subscriptions Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	None
130.310.1(3)	Audit Reports	The functionality enables enabling EHR to enable a user to create an audit report for a specific time period and to export the audit report to a file. Medication Subscriptions Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	None
130.310.1(4)	Assessments	The functionality enables enabling EHR to enable a user to select the most appropriate patient's report for assessment and perform the assessment. Medication Subscriptions Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	None
130.310.1(5)	Automated Access Time-out	The functionality enables enabling EHR to automatically log user access to the system when a predetermined period of inactivity requires user authentication in order to resume or regain the access the user requires. Medication Subscriptions Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	None
130.310.1(6)	Emergency Access	The functionality enables enabling EHR to provide an identified set of users to access electronic health information during an emergency. Medication Subscriptions Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	None
130.310.1(7)	User Device Integration	The functionality enables enabling EHR Technology that is designed to securely store electronic health information on an user device that syncs the electronic health information contained in each device, phase out of the user device. Medication Subscriptions Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	None
130.310.1(8)	Energy	The functionality enables enabling EHR to support the HIPAA security rule implementation. Medication Subscriptions Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	None
130.310.1(9)	Forward Connection	The functionality enables enabling EHR to provide a level of forward connection (encrypted and integrity) between the user and the system. Medication Subscriptions Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	None
130.310.1(10)	Accessing of Discharge	The functionality enables enabling EHR to provide discharge data for treatment, payment, and other care. Medication Subscriptions Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	None
130.310.1(11)	Single Authentication Credentials	The functionality enables enabling EHR to support single authentication credentials in accordance with standards. Medication Subscriptions Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	None
130.310.1(12)	Multi-Factor Authentication	The functionality enables enabling EHR to provide Multi-Factor authentication through multiple elements of the user's identity. Medication Subscriptions Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	None
130.310.1.13	View, Download and Transmit to Third Party	The functionality enables patients to view, download or transmit their health information in the patient portal. Medication Subscriptions Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	None
130.310.1.14	Patent Health Information Capture	The functionality enables user to capture patient health information into chart to support better patient engagement in their care. Medication Subscriptions Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	None
130.310.1.15	Transmission to Immunization Registries	The functionality enables enabling EHR to provide the recorded or changed immunization information to a data registry. Medication Subscriptions Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	None
130.310.1.16	Syndromic Surveillance	The functionality enables the EHR to electronically create syndromic based public health surveillance information for electronic transmission in accordance to the HL7v3 Messaging standard for syndromic surveillance. Medication Subscriptions Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	None
130.310.1.17	Transmission to cancer registries	The functionality enables EHR to create a cancer CDH document and submit to cancer registries. Medication Subscriptions Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	None
130.310.1(17)	Transmission to Public Health Agency - Electronic Case Reporting	The functionality enables EHR to create an electronic case report to determine which data elements may be included and report to public health agencies. Medication Subscriptions Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	None
130.310.1.18	Transmission to Public Health Agency - Healthcare Survey	The functionality enables EHR to create a healthcare survey to survey CDH document and submit to public health agencies. Medication Subscriptions Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	None
130.310(3)(F)	Automated message calculations	The functionality enables enabling EHR to record calculation operations. Medication Subscriptions Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	None
130.310(3)(G)	Alerting/Message Design	The functionality enables enabling EHR to provide the notification capabilities for end users. Medication Subscriptions Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	None
130.310(3)(H)	Quality Management System	The functionality enables enabling EHR to use an e-Query Management System (e-QMS) for the development, deployment, and management of queries. Medication Subscriptions Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	None
130.310(3)(I)	Accessibility Content Design	The functionality enables use of Certified EHR technology for users with disability. Medication Subscriptions Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	None
130.310(3)(J)	Accessibility Content Design	The functionality enables the CDH performance for all CDH documents generated from Certified EHR to CDH provided standards. Medication Subscriptions Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	None
130.310(3)(K)	Application access - Patient selection	The functionality enables patient to connect with Open APIs of Certified EHR. Medication Subscriptions Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	None
130.310(3)(L)	Application access - Only category request	The functionality enables patient to connect with Open APIs with Certified EHR and request data from a specific category of data. Medication Subscriptions Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	None
130.310(3)(M)	Application access - All data request	The functionality enables patient to connect with Open APIs with Certified EHR and request data from a specific category of data. Medication Subscriptions Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	None
130.310(3)(N)	Direct Project	The functionality allows Certified EHR to connect with any HIE and demonstrate interoperability using Direct Connect. Medication Subscriptions Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	Monthly Subscription Fee (Per Provider) - Includes all updates, upgrades and technical support. \$ 450. Included Patient Portal at no additional cost.	None
