

CHF ICD-10 Full Code Reference Table (FY2026)

Code	Description	Acuity	Key Documentation Required
I50.1	Left ventricular failure, unspecified	None	Provider states LV failure without naming mechanism
I50.20	Systolic HF, acuity unspecified	None	Systolic HF or HFrEF documented; acuity not stated
I50.21	Acute systolic HF	Acute	New onset or sudden decompensation; systolic type explicitly stated
I50.22	Chronic systolic HF	Chronic	Established HFrEF at or near baseline; type explicitly stated
I50.23	Acute on chronic systolic HF	Acute on chronic	Chronicity confirmed in record plus active decompensation documented
I50.30	Diastolic HF, acuity unspecified	None	Diastolic HF or HFpEF documented; acuity not stated
I50.31	Acute diastolic HF	Acute	New onset or sudden decompensation; diastolic type explicitly stated
I50.32	Chronic diastolic HF	Chronic	Established HFpEF at baseline; type explicitly stated
I50.33	Acute on chronic diastolic HF	Acute on chronic	Chronicity confirmed in record plus active decompensation documented
I50.40	Combined systolic and diastolic HF, unspecified	None	Provider names both systolic and diastolic components explicitly
I50.41	Acute combined HF	Acute	Both components stated; acute presentation documented
I50.42	Chronic combined HF	Chronic	Both components stated; established chronic diagnosis confirmed
I50.43	Acute on chronic combined HF	Acute on chronic	Both components, chronicity, and decompensation all documented
I50.810	Right heart failure, unspecified	None	Provider states right heart or right ventricular failure; no acuity specified
I50.811	Acute right heart failure	Acute	Acute right heart failure explicitly documented
I50.812	Chronic right heart failure	Chronic	Chronic right heart failure explicitly documented
I50.813	Acute on chronic right heart failure	Acute on chronic	Both chronicity and active decompensation of right HF documented
I50.84	End stage heart failure	None	Provider explicitly documents end stage heart failure
I50.89	Other heart failure	None	Provider documents a specific heart failure type not classifiable elsewhere in the I50 series
I50.9	Heart failure, unspecified	None	No type or mechanism documented; provider query warranted if clinical info exists

★ Highlighted row (I50.89) is newly added.
